HEALTHCARE®

© 2023 Crest Healthcare

Enhancing the environment of care for those in need and those who care

Crest Healthcare is a leading provider of a wide range of healthcare products and technical services. Historically specialized in high-quality nurse call replacement parts, and today producing nurse call system components for nearly every current system, Crest has been a trusted source for innovative product development and production since 1967.

With customer satisfaction as our driving goal, Crest products provide quality, value, innovation, variety and durability. Working together to guarantee a positive experience, our in-house team includes customer service, technical support, engineering, manufacturing and quality assurance experts.

Engineering

Our engineering team is continually creating and testing new communication products. With the use of destructive and non-destructive in-house testing and prototype evaluations, Crest ensures every product provides durability and a long service life. Custom services are available to OEMs and other commercial customers.

Manufacturing

We build and assemble all the Crest products in-house and work closely with our manufacturing partners to ensure our same high quality standards are met.

Quality Assurance

We conduct testing on 100% of finished products we manufacture prior to shipment. Crest products meet or exceed demanding safety standards up to and including UL 1069 Recognition.

Quality Certifications

Crest strives to offer you high quality products to support your facility needs. Crest Healthcare is ISO 13485:2016 certified provider of Pillow Speakers, Nurse Call Stations, Nurse Call Cords, and Bed Control Equipment. Our certification represents our commitment to on-going quality improvements and a dedication to higher levels of performance, service and quality products. We received our first certification in 1999 (ISO 9001) and Crest continues to improve quality in all aspects of designing, manufacturing and customer service.

EliteDigital™

Crest Elite Digital™ Pillow Speakers

Designed for use with healthcare TVs. Autosense™ Technology automatically identifies the brand of healthcare TV and sends the correct signal, eliminating programming hassle. They can be moved to any room, regardless of healthcare television brand.

- Robust design, easy to disinfect
- No batteries needed for nurse call operation
- Distinctive nurse call button with Braille

Part No.	System	Nurse Call	TV Control	Other Features	Price
XN1201XCA604A11N1†	Rauland Responder III and 3000	Nurse	10-Key	1 light, Volume (IVC)	150.40

Power Requirements:	Two AAA alkaline batteries required (included) (Infrared only)
Switch Rating:	30 VDC @ 100 mA
Warranty:	2-year warranty against defects in materials and workmanship from date of purchase

EliteInfrared™

Crest Elite Infrared™ Pillow Speakers

The Crest Elite Infrared Pillow Speaker is the only pillow speaker that combines nurse call and TV with external DVD or Set Top Box (STB) controls. It combines the ease of a universal remote with traditional pillow speaker functionality such as nurse call and environmental controls. It is also useful where there is no cross-room wiring or with TVs that do not have a pillow speaker port. Uses two AAA batteries (included).

- Robust design, easy to disinfect
- No batteries needed for nurse call operation
- Distinctive nurse call button with Braille

115642	Rauland Responder III and 3000	Speaker Tester, Not Compatible with Rauland Responder 5	268.21

Specifications

Length:	5 3/4"
Width:	4 3/5"
Height:	1 3/4"
Power Requirements:	9 V Battery or 12 VDC adapter (both included)

Remote Call IR™

Crest Remote Call-IR™ TV Control & Nurse Call

Replace your call cord and TV remote control with one simple device. Remote Call-IR controls the TV using IR signals like a universal remote while still providing the safety of reliable wired nurse call. Remote controls are easily lost or broken, but the Remote Call-IR plugs into your nurse call station to ensure it stays within the room and is durable enough to withstand drops and daily use. The 10-key overlay style is great for emergency rooms or private patient rooms, where the room is not wired for TV sound or the sound control of a pillow speaker is not needed. The large button overlay is perfect for kids, geriatric patients or residents with limited dexterity. Features simplified control of TV power, channel and volume with big, easy-to-see buttons. Both styles feature an on-board library of codes that can be used to program it to work with almost any TV. Uses two AA batteries (not included) that last as long as in typical TV remotes.

- Robust design, easy to disinfect
- No batteries needed for nurse call operation
- Distinctive nurse call button with Braille
- Bed A & Bed B functionality
- Fits Crest Pillow Speaker Keeper

Crest CleanCall™ Call Cords

Maintaining a clean environment can be difficult, but the CleanCall helps simplify the job. The completely sealed, membrane style button can be easily wiped down to help prevent the spread of germs, making it a great option for infection control in any facility.

- Smooth membrane is easier to sanitize than regular buttons
- Easy-grasp winged design fits comfortably in the hand
- High-contrast red button with nurse call symbol is highly visible
- Tactile "click" button

Durable Waterproof Design

Crest DuraColor™ Call Cords

DuraColor features a bright, neon green pendant that is ideal for those with poor eye-sight or for those who may have difficulty distinguishing it from bedding.

- High contrast neon color for easy identification
- Prominent color assists patients & staff
- White cable

Part No.	System	Other Features	Style	Color	Length	From
9900N-__ †	Any station with ¼" jack or Type D, B, Y, or Y2 adapter	High-Contrast Color Pendant	Single	White	7' or 10'	22.39

Crest DuraGlo™ Call Cords

DuraGlo is the only call cord in the industry with glowing bands to help your residents locate their call cord in dark rooms! DuraGlo can glow up to four hours in total darkness. Built on the same solid platform as our popular DuraCall Call Cords. Works with any nurse call system.

- Easily locate in dark rooms
- Recharges with light exposure
- Requires no power or batteries

Part No.	System	Other Features	Style	Color	Length	From
9900L-__ †	Any station with ¼" jack or Type D, B, Y, or Y2 adapter	Glow-in-the-Dark Pendant	Single	White	7' or 10'	33.29

Crest DuraLight™ Call Cords

DuraLight Call cords for ¼" phone plug systems have LEDs that momentarily light up when the button is depressed (may not work with every system).

- Bright red LEDs light up the pendant
- Requires no batteries
- FDA Listed

Part No.	System	Other Features	Style	Color	Length	From
9900R-__ †	Any station with ¼" jack or Type D, B, Y, or Y2 adapter	Red LEDs	Single	White	7' or 10'	32.52

All listed prices and products are subject to change without notice. Crest is not responsible for photographic or typographical errors. † Item is FDA listed. V17. Revised 02/20/23.

Crest SoftCall™ Momentary Call Cord

SoftCall provides a reliable and affordable option for nurse call. The ergonomic pendant fits comfortably in the hand and its silicone skin provides a reassuring, "soft" feel. The waterproof pendant can easily be wiped down for infection control. The high-contrast color makes the SoftCall pendant easy-to-find in bedding.

- Sealed, soft silicone pendant
- Durable strain relief
- Easy to clean
- IP47 rated & waterproof

Part No.	System	Style	Color	Length	Price
SC44B-01 †	Any station with ¼" jack or Type B or Y adapter	Nurse	Blue	8'	54.39
SC44B-02 †	Any station with ¼" jack or Type B or Y adapter	Nurse	Blue	12'	56.70

Crest JumboCall™ Momentary Call Cords

The JumboCall call cord is ideal for patients who have difficulty using their hands.

- Large, easy-to-grasp pendant
- For use in most systems using ¼" phone jacks

Part No.	System	Style	Color	Length	From
5300G-__ †	Any station with ¼" jack or Type B or Y adapter	Single	Grey	10' or 12'	47.36

All listed prices and products are subject to change without notice. Crest is not responsible for photographic or typographical errors. † Item is FDA listed. V17. Revised 02/20/23.

BreathCall® Air Activated Call Cords

BreathCall is for patients with little to no motor skills and is activated by simply breathing into a disposable straw and filter assembly. It has a flexible gooseneck with universal mounting clamp. The Mini BreathCall offers the same features of the standard with a more streamlined design to fit smaller areas. All BreathCalls come with a 9' cord, clamp and filter and straw kit. Standard BreathCalls have 36" black tubing from clamp to mouthpiece and Mini BreathCalls have 28" white tubing. **For single patient use.**

- Flexible conduit bends to almost any position to suit the user
- Sturdy clamp easily attaches to headboards
- Locking or non-locking switch closure available
- Also available with dual controls for nurse/TV or radio (11201-09D)

Part No.	System	Style	Color	Length	Price
11201-09	Any station with 1/4" jack or Type B or Y adapter	Single, Non-Locking	Black	9'	157.47
11201-09D	Any station with 1/4" jack or Type B or Y adapter	Double, Non-Locking	Black	9'	215.31
16001-09	Any station with 1/4" jack or Type B or Y adapter	Mini, Single, Non-Locking	White	9'	122.26

11201-09

Crest GeriCall™ Call Cords

The GeriCall Geriatric Call Cord is a round, flattened momentary call cord pad that works great for residents who have limited hand dexterity. This call cord utilizes a mechanical switch in the pad that can be activated by slight pressure from the hand, arm or body or can even be positioned under the resident's chin.

- Large pad for easy activation
- Includes security clip
- 3" diameter pad

Part No.	System	Style	Color	Length	From
118844C†	Any station with 1/4" jack or Type B or Y adapter	Single	Grey	8'	34.48
118844C-__†	Any station with 1/4" jack or Type B or Y adapter	Single	Grey	10' or 15'	37.45
118844D-10†	Any station with 1/4" jack or Type B or Y adapter	Double	Grey	10'	88.26

All listed prices and products are subject to change without notice. Crest is not responsible for photographic or typographical errors. † Item is FDA listed. V17. Revised 02/20/23.

PressCall® Pneumatic Call Cords

PressCall is an air-activated call cord designed for patients who have difficulty activating standard call cords. PressCall has an oval-shaped, soft vinyl bulb design that fits easily into the hand.

- For use by patients with sufficient motor skills to press on the bulb
- Great for geriatric patients who cannot operate a regular call cord
- Easy to squeeze bulb style

Part No.	System	Style	Color	Length	From
11372__	Any station with 1/4" jack or Type B or Y adapter	Single, Non-Locking	White or Grey	6', 8', 10', 12' or 15'	39.91
1159__	Any station with 1/4" jack or Type B or Y adapter	Double, Non-Locking	White or Grey	6', 8', or 12'	58.49
11373__	Any station with 1/4" jack or Type B or Y adapter	Double, Non-Locking	White or Grey	8' or 10'	66.86

PadCall® Pneumatic Call Cords

PadCall is an air-activated call cord designed for patients who have difficulty activating standard call cords. PadCall has a large, circular, soft vinyl pad with gripping feet that prevent it from slipping off of any surface.

- For use by patients with sufficient motor skills to press or lean on the pad
- Great for geriatric patients who cannot operate a regular call cord
- Stay-put 3 1/2" wide pad

Part No.	System	Style	Color	Length	From
1137__	Any station with 1/4" jack or Type B or Y adapter	Single, Non-Locking	White or Grey	6', 8', 10', 12' or 15'	54.19
1159__	Any station with 1/4" jack or Type B or Y adapter	Double, Non-Locking	White or Grey	6', 8', or 12'	77.98
1137__	Any station with 1/4" jack or Type B or Y adapter	Double, Non-Locking	White or Grey	8' or 10'	98.61

All listed prices and products are subject to change without notice. Crest is not responsible for photographic or typographical errors. † Item is FDA listed. V17. Revised 02/20/23.

Crest TouchCall™ Call Cords

TouchCall provides reliable and versatile nurse call actuation for patients with limited dexterity. The TouchCall features a large, ultra-sensitive touch plate surface that can be easily pressed by a hand, foot, elbow, chin, etc. The tent design with clip and Velcro® attachment methods allow for multiple positioning possibilities to make it simple and convenient for any patient to use.

- Standard 10' cord length to suit a variety of applications
- Classic grey color for easy visibility
