AIR PURIFIERS

For over a decade Fellowes AeraMax Pro air purifiers have been a leading choice for localized air purification. Fellowes is the only solution that combines H13 True HEPA filtration (AM3 and AM4) with EnviroSmart and PureView Technologies.

Our proprietary and patented EnviroSmart technology enables AeraMax Pro commercial-grade air purifiers to continuously monitor your environment and automatically adjust to clean the air, conserve energy and reduce operating costs.

PureView's patented sensor technology and display makes the invisible visible with real time status updates as the air is cleaned. It provides maximum peace of mind that the air you and others breathe is clean.
