

Quality solutions to satisfy patients and staff

EASY RETROFIT OR REPLACEMENT

Maintains same hole spacing as PDI-179, PDI-178, and PDI-771 power supply mounts to allow easy upgrades to existing installations. Can mount to concrete or cinder block walls.

LOWER TOTAL COST OF OWNERSHIP

New switching power supply technology reduces standby power consumption. Lower weight reduces shipping charges.

MAINTENANCE-FREE OPERATION

Your technology investment improves labor efficiency with built-in thermal protection; no fuses to replace and no breakers to reset.

SLIM PROFILE

Aesthetically pleasing, combination slim arm mount with power supply, sits only 1" off the wall.

Part Number **PDI-871-B/C/G**

Powdercoated Black/Cream/Gray

5/8" pilfer proof base pin

120VAC In/24VDC Out at 2.5amps

Built by PDi for UL
healthcare-grade standards.

Designed, tested and
assembled in U.S.A.

Antimicrobial coatings Standard color is
Starlight Gray. Ask about black or cream.
