

# HCI Health-Key Keyboard

115945

**CREST**  
HEALTHCARE®

1  
YEAR  
WARRANTY

## Description

Created in collaboration with a major hospital for both patient room and clinician workstation use, this feature-rich keyboard is easy to keep clean, set up and use. Health-Key signals when it needs to be cleaned, while the Gorilla® Glass surface and sealed design makes disinfection simple. The keyboard offers both wired and wireless connections and a quick-charging battery with 10 day life. Ideal for use in patient rooms with patient engagement systems or internet-connected TVs, it includes wireless TV and video controls along with a Bluetooth-connected speaker for supplemental TV audio. When used at clinician workstations, a red backlight automatically signals “Do Not Disturb” when in Physician Order Entry Mode within major EHRs.

## Features

- Smooth, Gorilla® Glass surface
- Built-in touch pad, no need for a separate mouse
- IP67 water-resistant & dishwasher safe
- Wired & wireless connectivity
- Rechargeable with 10 day battery life
- Audio streaming via Bluetooth
