

# Why PEELAWAYS . . .

**Both a Fitted Bed sheet and a Waterproof Mattress Protector!**

- A new sheet in less than **60 seconds**
- While many countries are going through water management issues and have a weak infrastructure for commercial laundries, **PEELWAYS are disposable**
- Each PEELAWAYS layer is **100% waterproof**, serving as a sheet AND mattress protector
- PEELAWAYS are **infection neutral** and do not transmit infectious material between layers, helping to lower HAIs
- Each sheet is **virgin material** that has never been used
- PEELAWAYS **save water**, and the costs of laundry, sheets, and mattress protectors
- PEELAWAYS are **32% softer** and generate less friction than traditional bedsheets
- GREAT FOR CAREGIVERS
