Penetrex[®]

ANTIMICROBIAL

Just what the DOCTOR ORDERED.....

Active antimicrobial barrier
bonds to treated surfaces for
long-term protection

*A bacteriostatic barrier with NO NEED TO REAPPLY
for 30-90 days*

- ✓ Creates a barrier on all high-touch, high-risk surfaces and all instrumentation
- ✓ Environmentally friendly non-toxic/non-leaching, hypoallergenic antimicrobial technology
- ✓ Promotes lower ATP (Adenosine Triphosphate) scores
- ✓ Supports accreditation mandates for patient protection
- ✓ Available in various bottle and bucket sizes for convenient spray-and-wipe applications, and totes for electrostatic spray applications

EPA Registration Number 92057-3
