

# Direct Replacement For LG Remote Controls

**124-213-10, AKB73075301,  
AKB73055503 and 1919290191**

These models are discontinued and  
no longer available from LG

## Operates just like the original LG remote

- This remote allows you to control a designated LG TV exclusively in areas where there are multiple TVs installed.
- Each remote can be assigned to a single TV with no signal interference from other remotes.
- Up to four TVs can use this function simultaneously.
- A switch in the remote control's battery compartment allows you to select the corresponding TV number 1-4.

Model  
**CRKC1**

**An effective solution for  
Dialysis, Chemotherapy and Infusion Centers**
