² All replacement parts or units may be refurbished.
³ 48 hour SWAP only applies to up to 49" class sizes with exception of video wall and outdoor units.
⁴ Customer preference swap or on-site repair up to 49" class sizes with an exception of video walls and outdoor units larger than 49" class sizes will be on-site repair.

COMMERCIAL DISPLAY SUPPORT

RETURN REQUEST¹

Please have the following information available when you call for support:

- Model Number (with SVC Code)
- Serial Number
- Location of unit
- Purchase Date
- Return Request Reason
- Contact Name, Telephone no. & Email
- If damage, you will be required to send a form and pictures for consideration. Request a DOA form at comm.display@lge.com

TO OBTAIN SERVICE

Please have the following information available when you call for support:

- Product Information: Model Number (with SVC Code), Serial No.
- Date of purchase, Location of unit
- System Integrator or Content Provider w/contact information
- Problem/Description
- Contact Name, Telephone no. & Email
- Property Code (If Applicable)

SERVICE PROCESS

1. CASE NUMBER ASSIGNED
Your property telephone number will serve as your case number throughout the service process.
2. UNIT PREPARATION
All "mounted" units must be taken down prior to service.
3. REPAIR AREA
To expedite service, the following will be beneficial to the service technician:

- ✓ Access to Power Outlet & Signal feed
- ✓ Clean, Lighted work space
- ✓ Indicate symptom on unit
- ✓ Have accessories that came with the display nearby
